

Bricks provided by:

The Marking Process

All samples passed each of the ASTM-specified test conditions (Freeze/Thaw cycling, Salt Spray exposure, Ultraviolet Light exposure) with flying colors. The independent testing has proven that bricks marked with our process and installed properly in your project will last longer than our lifetimes.

About Our Fundrasier

The Stickney House Foundation together with the Bull Valley Garden Club have joined forces with *That's My Brick!*® to raise money for our project which will become a part of the Stickney House Memorial Garden. The Stickney House, built in 1856, is the "house with the round corners" located in Bull Valley, Illinois. Efforts to restore this unique example of Italianate architecture have been ongoing since the early 1990's. The Stickney House Foundation/Living with the Land in Bull Valley strives to create opportunities to interact with the area's natural resources. Funds raised by the brick fundraiser will be used to restore and maintain the gardens throughout the Stickney House Homestead area.
